Operation Support Our Troops America

Lisle

From our founding in 2003 as Operation Support Our Troops Illinois, OSOT America now continues its local grassroots focus on area families while expanding our advocacy nationwide for our troops and veterans. While we continue to send our troops care packages, we also provide monthly support for families of the deployed and Fallen. We assist in funding for Hines VA Hospital and Fisher House and are committed to research efforts into new and better treatment for the devastating effects of Post Traumatic Stress.

Our Veterans Inspire Us

With their dedication and hard work, our Veterans never forget those they have served. They put the well-being of others above themselves. They focus on their mission and stand their ground with strength of character and single-mindedness. Our Veterans' noble sacrifices advance our cause of freedom. Their unwavering commitment sets us apart as a nation. We are safe and secure because of our Veterans.
